How to solve FEM fail to do mileage reset

Do milegae reset, If it shows you SWFL_0000155E_018_120_010 in the pic, means it

not support to do mileage reset .

How to solve it?

We go to BMW F/G series program page ,Then choose advanced mode

Choose SWFL_0000155E_017_110_030 version , then to program (make sure battery

voltage is enough)
